

80's Song

V1

Got myself in a mess tonight
Saw my buddy and his girl was holdin' him tight
He wasn't payin' her much attention
I'd never met her, but I'll surely never forget
I liked the way, she looked into my eyes
Wasn't attracted, but that would be lie
Jumped in my truck, tryin' to fight this thing off
Radio blastin', can't believe what just came on

Chorus

Oh, you gotta be kiddin' me
Yeah, it was that 80's song
One bout the boy, fallin' for his best friends girl
yeah, Jesse's girl, and I'm singin' along
Oh, you gotta be kiddin' me
Yeah, it's like their tellin' our love story
I listen closely, learnin' how to right the wrong
Searchin' for hope, from an 80's song

V2

Not gonna act upon it, gonna avoid her
I don't even want her sayin' my name
Gotta act like I don't care at all, no
So afraid of going down in flames
Jump in my truck, tryin' to keep myself strong, yeah
Radio blastin', won't believe what just came on

Chorus

Oh, **NOW** you've gotta be kiddin' me
Yeah, it was that 80's song
One 'bout a small town girl, livin in a lonely world
Don't stop believin' and I'm singin' along
Oh, you've gotta be kiddin' me
Yeah, It's like their tellin' our love story
I listen closely, learnin' how to right the wrong
Searchin' for hope, from an 80's song

Bridge

Yeah, I'm holdin' on to that feelin'
Yeah, I need to find a woman like that
Yeah, I was halfway there
'til another one came on

Chorus

And, Oh, you gotta be kiddin' me
Yeah, it was that 80's song
one 'bout two kids, Tommy and Gina
Livin' on a prayer and I'm singin' along
Oh, you gotta be kiddin' me
Yeah, It's like their tellin' our love story
I listen closely, learnin' how to right the wrong
Searchin' for hope, from an 80's song
