

## **Dirty Oar**

### **V1**

Yes we were sailin' on the sea of love for such a long, long time  
But your sneakin' 'round my back, has truly crossed the line  
Your lyin' caused a tidal wave that turned us upside down  
But I'm not sinkin on this ship, no, no, no not about to drown

### **Pre-Chorus**

Go get docked in another port, yeah  
Not treadin' in your wake no more, no

### **Chorus**

Row row row your boat  
Paddle her to shore  
Take your little dinghy up the stream  
With your dirty oar

### **V2**

The gusty winds picked up so fast and blew us off our course  
Uncharted sea for you and me, but now I've made my choice  
I'll be fine, adjust my sails and hold my head up high  
I'm not the one who rocked our boat no, no, no, you're that guy

### **Pre-Chorus**

### **Chorus x2**

### **Bridge**

Had the love boat, but you jumped ship  
Yeah, you went overboard  
Bon voyage, enjoy your trip, with that dirty oar

### **Chorus (round)**

Had the love boat, but you jumped ship  
Yeah, you went overboard  
Bon voyage, enjoy your trip, with that dirty oar
