

Doin' Nothin' with You

V1

Strapped for cash, just couldn't make the beach
But we've still got the sun, we still got the breeze
Our backyard resort, is gonna have to do
Just close your eyes girl, take in the view, oh baby

Chorus

There's nothin' I'd rather do
Than to lay back in the sun, doin' nothin' with you
Let the radio play us a tune
We'll sing along, once we've had a few, oh baby
There's nothin' I'd rather do
Than to lay back in the sun, doin' nothin' with you, yeah

V2

Soak our feet in a pink blow up pool
While the garden hose mister keeps us cool
Sure it's been nice to have our toes in the sand
But I'll hang with you at home anytime I can, oh baby

Chorus

Bridge

Maybe next year we'll point our ship to the sea
Anywhere on the coast sounds good to me
Maybe we'll fly down to Mexico
You, me, the sun, and I'm good to go

V3

This may not be paradise, but there's plenty of food
It's all you can drink, and the bartender's kinda cute, oh baby

Chorus

Tag: Well...maybe there is one thing I'd rather do...with you...
