

I Love You Crazy

V1

Gonna spill my guts
I'm a little cray cray crazy,
for you baby, that's for sure now
Baby just to prove, got your name tattooed,
On my chest above my heart, and
I'm in way deep, I can't sleep

All I ever think about, dream about, pray about
On my mind both day and night
Wanna tell the world, you're my girl
Make me wanna shout it
It's insane, hard to contain

Chorus

I love you crazy,
Not even a maybe,
Sold out for you baby,
I love you cray, cray, crazy
You're amazing
Why are we waiting
Let's make some babies (what?)
I'm a little cray, cray, crazy for you

V2

Physical attraction, equals just a fraction
Of why you make my heart pound
Yeah your smile, can go for miles
It's your touch that drives me wild, now
I'm ate up, you're my favorite

Chorus

V3

Ready to commit, never felt like this
You're my one and only
And forever, we will be together
Never gonna quit

Chorus
